INFORMATION DISCLOSURE STATEMENT

Applicants submit that no representation is made, and no representation is intended, that more relevant material does not exist, or that the order of presentation of these materials in any way reflects their relative pertinence. The following is not intended to constitute an admission of any kind. Specifically, this presentation is not an admission that any of the items listed are properly citable against the above-identified application as prior art.

Elements of the invention described in the pending application were implemented in a development software application that was used to create a user-interface software application that is compatible with IBM's SanFrancisco framework. This user interface software application was demonstrated to users on October 23, 2000 to show that the San Francisco framework could be used to provide operable software applications. The development software application itself was not publicly disclosed more than one year prior to the filing date of the present application, and neither

of the development software application or the user-interface software application were offered for sale more than one year prior to the filing date of the present application.

Applicants respectfully submit that their invention is patentable over the disclosure stated above.

The Commissioner of Patents and Trademarks is hereby authorized to charge any fee deficiency or to credit any fee overpayment relating to this matter to Deposit Account No. 01-0657.

Respectfully submitted,
